SERSA

HANI ABDELDJALIL

PROFILE

Computer science student at the Higher National School of Computer Science in Algiers (ESI, formerly INI).

I have a strong interest in software development and computer systems.

My academic journey has helped me develop strong skills in programming, algorithms, Linux environment, user interface design, and web development (HTML, CSS).

I am Curious, motivated, and meticulous, I aspire to join a university program in France to deepen my knowledge, explore new fields, and actively participate in innovative technological projects.

EDUCATION:
